Some Ceremony Music Suggestions From Our Repertoire

Here are some suggestions for the ceremony. We would likely play just the tunes without all the intros you hear here. For ceremonies these would most likely be instrumentals unless otherwise requested. Vocal arrangements are listed below mostly as reference to hear the lyrics and the sentiments the tune may engender. Also, think of most of the melodies on clarinet or violin and some improvisation, perhaps, but for the actual ceremony we would likely stick to mostly the melody depending on the amount of time needed, etc. We can vary the tempos. I have suggested places where the tunes might be used, but it is totally up to you and most of these tunes can fit anywhere you wish. We would likely play many of them as people are seated since most of the tunes have great sentiment for a wedding. Any other tunes from our repertoire are of course possible. Please feel free to contact us about special requests for songs.
